Rob – did you possibly forget a set of attachments – there were 4 attachments. We received the revised worksheets for the LRC SSP QAPP and RM 10.9 QAPP Addendum A. We did not receive a revision for the RM 10.9 QAPP.

Stephanie:

Attached are revisions to the LRC SSP, RM 10.9 and Addendum A QAPPs that address the data validation of PCDD/PCDFs by the CPG. The revisions to the QAPP Worksheets clarify and make the QAPPs consistent with the actual intent of the EPA-approved QAPPs - that is 100% validation of all 2,3,7,8-substituted congeners and PCDD/PCDF homolog groups.

Please contact Bill Potter or me with any questions.

Thank you.
